

# AUGUSTINE OKECHUKWU CHIMA

## Full-Stack Developer

augustinechima17@gmail.com | +233 53 302 7046 | Accra, Ghana | linkedin.com/in/august-web/

### SUMMARY

---

Versatile front-end developer with a strong foundation in responsive design and user experience. Developed applications using React and TypeScript while working effectively in cross-functional teams. Proven ability to integrate modern frameworks and best practices to deliver accessible and engaging digital solutions.

### EXPERIENCE

---

#### **Software Developer** — Chambey | Texas, U.S.A

February 2026 – Present

- Developed user-friendly applications to enhance customer engagement and satisfaction.
- Collaborated with cross-functional teams to refine software development processes.
- Implemented coding best practices to ensure high-quality software solutions.
- Debugged code to identify errors and fix them efficiently.
- Created applications using React, TypeScript, Node.js, and other programming languages.

#### **AI Facilitator** — KONO Technologies | Accra, Ghana

January 2026 – Present

- Facilitated training sessions for students.
- Coordinated workshops to enhance student skills and knowledge in technology solutions.
- Facilitated group discussions and activities to ensure successful outcomes.
- Encouraged collaborative problem solving through active listening techniques.
- Developed and implemented training programs to increase participant knowledge and understanding of relevant topics.

#### **Front-End Developer Intern** — Codveda Technologies | India

September 2025 – October 2025

- Assisted in developing responsive web interfaces using HTML, CSS, and JavaScript, ensuring cross-browser compatibility.
- Enhanced UI by aligning code with modern design principles and accessibility standards, increasing usability for diverse users.

#### **Freelance / Project-Based Web Developer**

- Developed Hall Management System featuring admin and analytics dashboard, improving user experience for administrators and students.
- Designed and built web applications including Hall Management System, Smart City X dashboard, and EasyFarming platform prototype.
- Built and deployed a personal portfolio; built EasyFarming, an agricultural web app to simplify farming processes.
- Applied MySQL and XAMPP for backend testing while integrating APIs and authentication features for functionality.

### SKILLS

---

Front-end development • React framework • User interface development • API development • Web optimization • Testing & Debugging software • Database management • Version control & Git • Technical evaluation • Problem solving • Cross-functional collaboration

### EDUCATION

---

## **CERTIFICATIONS**

---

- Certificate of Participation: Harvard Health Systems Innovation Lab Hackathon
- Certificate of Participation: Ghana Robotics Competition
- Certificate of Completion (Udemy): Front-End Web Developer
- Certificate of Participation: Academic City Tech Expo
- Certificate of Completion (FreeCodeCamp): Responsive Web Design

## **ACCOMPLISHMENTS**

---

- Award: EdTech StudentPreneur

## **LANGUAGES**

---

English • Ewe • Twi

## **HOBBIES & INTERESTS**

---

Technology • Research • Innovation • Reading • Creativity • Volunteering • Teaching
